I understand that the Code of Federal Regulations allows fee waivers only for bona fide educational and/or scientific institutions who are using the park for educational purposes. I hereby certify that the attached detailed trip meets these requirements and therefore request that fees be waived. I also agree that within 30 days I will submit the required documentation - a letter on my institution's letterhead outlining how this trip fits into the classroom curriculum and how the information provided will be used. Failure to submit this documentation may result in a Bill for Collections being issued by the National Park Service for recovery of the tentatively waived fees.
